Cas Cas Road at Grassy Lake WMA Closed to Traffic Because of High Water

Jan. 5, 2016 – The Louisiana Department of Wildlife and Fisheries (LDWF) has closed Cas Cas Road, also known as Grand Lake Road, at Grassy Lake Wildlife Management Area (WMA) to all but ATV traffic because of high water brought on by flooding.

In addition, the Fools Bay low water crossing on North Bayou Natchitoches Road at Grassy Lake WMA has been closed because of high water.

Increasing water levels in associated river systems has caused backwater flooding on these thoroughfares. Once the water recedes and necessary repairs have been made, vehicular traffic will be allowed.

Grassy Lake WMA is located in northeastern Avoyelles Parish, approximately 12 miles northeast of Bordelonville.

For information on this WMA, go to <http://www.wlf.louisiana.gov/wma/2767> or contact Tony Vidrine at 337-948-0255 or tvidrine@wlf.la.gov.

The Louisiana Department of Wildlife and Fisheries is charged with managing and

protecting Louisiana's abundant natural resources. For more information, visit us at www.wlf.la.gov or www.FishLA.org. To receive recreational or commercial fishing email and text alerts, signup at <http://www.wlf.la.gov/signup>.
